

Zonta District Conference Groningen 2-4 October 2015 is open for registration

Dear Zontians,

I am pleased to announce the start of registration for our Zonta District Conference in Groningen. The theme of the 2015 District Conference is 'Empowerment through Capability'. Next to business meetings, the main focus will be on joint activities and learning from each other's capabilities.

Therefore, I would like to ask to pay your special attention to the Saturday afternoon and Sunday morning programme workshops and Quick Courses. The workshops and Quick courses will offer you the possibility to strengthen your skills as Zontian, whether this involves working in your club or area, in advocacy campaigns, service projects or in fundraising.

On <http://www.zontaconferencegroningen2015.org> you will find descriptions of the activities so that you can choose your own programme according to your preferences. Be sure to register soon as tickets for the workshops and courses are limited.

On the [website](#) you will also find all information regarding the provisional programme, fees, travel, and hotel arrangements. By registering before July 15th 2015 at you will receive an early bird reduction! The official call to conference will be sent out at the beginning of July 2015.

I hope to be able to learn from you during the workshops and quick courses, and look forward to seeing you at the 2015 Zonta District Conference.

Zonta Club Groningen and more specifically the Conference Groningen Committee is doing a marvellous job to prepare a very nice, well organized conference in a very hospitable atmosphere. Together with them and the district board I would like to invite you cordially to come to Groningen.

[So register soon!](#)

Kind regards,

Marijke Jongbloed

Governor District 29 2014-2016
